The MacNeil

2221 Sq. Ft. Finished Living Space

"A timeless design... spacious, splendid and flexible."

The open-concept design encourages the multi-tasking family to share in the enjoyment of all it waits to offer. With its 2221 sq. ft., this considerably-sized and exquisitely-designed bungalow awaits your family. The master bedroom will captivate and welcome you every evening as you unwind. The ensuite will impress even the most discerning of people with the large soaker tub and splendid custom walk-in shower. You are certain to enjoy the fact that there is room to spare in this enviously large walk-in closet. The MacNeil is a split bedroom design, where parents can enjoy privacy while still remaining close to the children. A spacious three-vehicle garage can be home to your vehicles, boat or camper. Designed to be flexible, The basement can be finished to fit your family's lifestyle.

Please contact us for open house times or to arrange for a private viewing of one of our model homes
